Dear Sir:-

Through a brother of mine Mr. Conrad Berglund, living at Seattle Wash I have learnt that my brother Gustaf Berglund has been interned at your hospital some time ago.

My brother Conrad informs me however that it is not allowed to anyone to communicate directly with the sick brother. As I have only heard a little about the unhealth of my brother Gustaf by way of report I should be very grateful to you if you would be so kind as furnish me some information about the present state of his illness, the nature of his affection and if possible also something about the reason of his unhealth.

Thanking you in anticipation for the news you may be able to give me, I remain

Yours very truly
